### LORIMER MUST STAND TRIAL FOR WRECK OF LA SALLE STREET BANK

Chicago, April 9.—William Lorimer, former United States senator and other officials of the defunct La Salle Street Trust and Savings bank must stand trial on state charges of conspiring to wreck the institution. This was the effect of a decision in criminal court today by which a motion to quash the indictment was overruled and twenty-four of the twenty-five counts in the document were sustained.

E. H. Munday, former senior vice president of the bank, obtained leave to file an application seeking a change of venue from Cook county. The petition of both the troubles of William Lorimer for five years back. As one of the reasons why Munday believed he cannot get a fair trial in Cook county, the petition cited speeches by Robert M. Switzer, defeated candidate for the majority, in which Switzer referred to William Hale Thompson, mayor-elect, as "the twin brother of Mr. Lorimer."

These remarks, said the petition, reflected upon Munday because of his association with the former senator.

Only Munday was in court today. The other defendants in the state case, besides Lorimer, are Harry W. Huttie, former director of the bank; Thomas Macdonald, former cashier;

Charles G. Fox, a vice president, and John K. Beargrave, former chief clerk to the state auditor.

Attorneys for William Lorimer filed a motion for a separate trial for their client. This motion and Munday's application were taken under advisement.

### WAR BREAD WILL BE BIG AID IN TEACHING PROPER MASTICATION

(Associated Press Correspondence.)

Berlin, March 27.—If the introduction and universal use of "war bread" in place of fresh white bread has no other result, it will at least, in the opinion of prominent medical men, teach men to masticate their food properly.

Patients of hospitals especially have complained of the new bread. At a recent gathering of hospital physicians, physiologists and bacteriologists such complaining persons were termed neuroasthenics with weak stomachs, and it was declared that the war bread would actually serve to help their condition by making them masticate more thoroughly.

It was urged that their "indigestion" and their dislike of the war bread be overcome by appeals to their patriotism, by psychology, by teaching them to chew properly, and, lastly, by preparing the new kind of bread stuffs appetizingly.

## STATE DEPARTMENT ADVICES FAIL TO CONFIRM

### Nothing to Indicate Victory Over Villa at Irapuato as Claimed Yesterday by the Carranza Leaders.

Washington, April 9.—State department advice from Irapuato, near where Carranza forces claim to have decisively defeated Villa forces, may there was a short skirmish April 7 and that the Carranza force retreated toward Queretaro. The message added that Carranza forces also had been withdrawn from the vicinity of Guadalupe.

Dispatches from Eagle Pass, Texas, indicated that an attack on Nuevo Laredo, across the border, was imminent.

Instructions have been sent to American officials to warn the Mexican commanders against doing across the border.

Angelo Del Caso, for the alleged protection of whom the Spanish minister to Mexico recently was expelled by General Carranza, has arrived safely at General Villa's headquarters at Irapuato, according to a message to the state department.

Delcasso asked that the Spanish embassy here be notified that he had resumed his efforts to obtain protection for Spanish subjects in the territory from the control of Villa.

### CARRANZA AVIATOR PLANS TO MAKE A FLIGHT

Brownsville, Tex., April 9.—Preparations for a monoplane flight over the Villa lines about Matamoros were completed today by P. A. Chapa, the Carranza aviator at Matamoros. Chapa, however, threatened to make observations of bomb dropping impossible.

The monoplane is rigged to carry three bombs swung beneath the plane in such a manner that the aviator can release them one at a time with a foot lever.

The headquarters of the Villa camp has been trying to get a string orchestra from the American side.

### BATTLESHIP GEORGIA WILL JOIN TARGET PRACTICE

Washington, April 9.—The gunboat Wheeling has left Guantanamo for Vera Cruz to relieve the battleship Georgia, which will come north to join the fleet at target practice.

## GENERAL ASSEMBLY OF COLORADO IS READY TO QUIT

### Senate Disposes of General Appropriation Bill and Special Levy Measures Are Agreed Upon.

Denver, Colo., April 9.—With the hour of final adjournment set at midnight Saturday, the Colorado twentieth general assembly today plunged into the task of clearing up the legislative calendar on second reading. This was the last day for second reading, as tomorrow must be devoted to third readings and disposing of conference reports and resolutions.

The industrial commission and workmen's compensation bills were being engrossed today for submission to the governor.

In the senate the mutual insurance measure was set up for final passage, after which it will go to the house for action today and tomorrow.

The senate last night finally disposed of the long appropriation bill which goes to the house for action on the senate changes. This measure appropriates approximately \$2,500,000, while the mill levy bill provides about \$1,000,000 additional funds. The senate finance committee recommended \$452,500 for the state insane asylum at Pueblo in addition to the mill levy which provides \$185,000, making a total for that institution of \$637,500 for the biennial period.

The senate made the civil service bill a special order for consideration today, 15 to 17, Senator Hayden voting with the Republicans.

It was understood that the levy for the board of capital managers would be fixed at seven one-hundredths of a mill for final passage. Heretofore this levy has been fifteen one-hundredths of a mill.

A motion by Representative Noonan to permit Stanley Mitchell, reporter for a Denver evening paper, to have the privilege of the floor was declared out of order. Previous to the speaker's ruling Representative Taylor of El Paso county in a speech declared he had nothing personally against Mr. Mitchell and criticized severely the paper he represents. The speaker's ruling was based on the ground that Mitchell had been expelled by a unanimous vote of the house and the time for reconsideration of this action had passed.

### PERSONALS.

Lauro Torres of Arisco and Maria Herrero of Arisco took out a marriage license today.

Accompanied by his wife and daughter, Harry C. Drum, son-in-law of Col. and Mrs. D. K. B. Sellers, left for New York this afternoon after spending the night with Col. and Mrs. Sellers. Mr. Drum, who has been manager of the western division of the World wire corporation, with headquarters at San Francisco, goes to New York to take charge of all the offices of the corporation. He draws a salary of \$15,000 a year, and is slightly over 26 years old.

## COUNCIL ADJOURNS IN SYMPATHY WITH BEREAVED ALDERMAN

Immediately after convening in adjourned session last night, city council adjourned in sympathy with Alderman Grunfeld, whose mother, Mrs. Hildegard Grunfeld, died Wednesday. Council sent flowers to the funeral this morning, and city officials attended the obsequies.

Council adjourned until tonight, when a date will be set for a meeting at which the water question will be considered. At that later meeting it is likely that council will arrange to call a mass meeting of water-rent owners to discuss what the value of the franchise suggested by A. B. McMullen, the water company head.

### MORTUARY.

Arthur E. Marsh, 26 years old, died yesterday at his apartment in the Highlands. He had been here three weeks, coming from Fresno, Cal. He is survived by his parents, who were here. The body was taken to Strona Brothers undertaking rooms to be prepared for shipment to Fresno tonight on Santa Fe train No. 9.

Crescencio Gabaldon, 64 years old, died suddenly yesterday at his home, 1495 South Second street. He was former justice of the peace at Barajas, holding the office for six years. He was proprietor of the People's saloon at Barajas. Mr. Gabaldon was born at Las Chaves, Valencia county, and came to Barajas 18 1/2 years ago. He is survived by the widow, one daughter, Mary, and one son, Nick, besides two small children. Funeral services will be held at 10 o'clock Sunday morning at the Sacred Heart church. Burial will be in Santa Barbara cemetery. Father Cordoba will have charge of the services.

John P. Urath, who came here five months ago, died yesterday. Mrs. Urath and her brother, Otto Goetz, will leave with the body on the east-bound California limited tonight. Service at Strong Brothers' chapel will be held at 6 o'clock. Two children, as well as the wife, survive: Helen, 12 years old, and Bernard, 12 years old. Mr. Urath was a member of Marquette council, Knights of Columbus, of Iowa City, Ia.

Canonizing Piousness Storks. (Associated Press Correspondence.) Berlin, March 29.—Earlier than ever before in the history of Berlin, storks have made their appearance here and have sought out their customary nests. The birds all appear very tired and hungry. It is believed that they have been frightened away from their winter haunts by cannonading and gunfire.

Karl Roberts' Brother Ill. (Associated Press Correspondence.) London, March 27.—Major General G. H. Roberts, half brother of the late field marshal, is seriously ill at his residence in Richmond on the Thames. He is 84 years old.

## GREENHUT COMPANY OF NEW YORK IN RECEIVERSHIP

### Big Sixth Avenue Department Store Company Blows Up as Result of Long Run of Adverse Business Conditions.

New York, April 9.—The J. B. Greenhut company, a New York corporation with \$12,000,000 outstanding securities, operating two department stores on Sixth avenue, this city, went into receivership today through friendly proceedings. A few moments after the equity suit had been filed, an involuntary bankruptcy was filed in separate proceedings by three creditors with claims totaling \$3,000.

The firm's liabilities, according to its counsel, aggregate \$2,512,000 and its assets, \$7,465,419. These figures do not include two mortgages amounting to \$2,950,000, which are secured by real estate bonds.

Another estimate of assets and liabilities is given in the petition of the three creditors. In this the liabilities are placed at about \$12,000,000 and the assets at about \$6,000,000. William A. Marbury, vice president of the Merchants' association of this city and Walter C. Noyes, former federal district court judge, were appointed receivers under a joint bond of \$100,000, with power to continue the business.

Adverse business conditions during the last year and inability of the firm to meet immediate pressing obligations were assigned as reasons for seeking a receivership. The suit was brought by the Monmouth Securities company, in which J. B. Greenhut was an officer and was based upon a claim for about \$200,000 loaned the Greenhut firm.

## WOODEN SHOES URGED BY FORESTER BECAUSE LEATHER PRICE SOARS

(Associated Press Correspondence.) Cologne, March 27.—Under the title of "Back to Wooden Shoes," a forester from the Elbe district urges that the constantly increasing cost of leather footwear be offset by the manufacture of more shoes either partly or entirely made of wood.

He declares that even new soles on old shoes have become a luxury for the average man, and insists that the practicability of wooden shoes is not appreciated. Especially are they available for house use, while shoes made of a combination of wood and leather are hardly to be told from all-leather boots, he says.

Estimating that Germany is feeding and clothing about one million prisoners of war, he declares that these men at the very least should be fitted out with wooden shoes so that the German soldiers may not have to suffer. As an additional advantage of his plan he says that a new and profitable industry will be created, and the forests of Germany will be put to a concrete use.

## MODERN SOLDIERS MARCH AS WELL AS GREEKS OF XENOPHON

(Associated Press Correspondence.) Berlin, March 29.—The prodigious marches accomplished by some of the German troops, especially before the battle of Tannenberg and in the last battle of the Masurian lakes, have moved a local historian to make interesting comparisons with famous marches of other days. He concludes that no troops have ever before made such a record in this respect as the soldiers now in the armies in the east.

An average march, he says, is 20 to 41 miles, but after three days a day of rest is observed if this pace has been kept. On the famous retreat of the 10,000 Greeks under Xenophon, after the battle of Cunaxa in 401 B. C., from near Babylon to Trapezunt on the Black sea, the average day's march was 16 1/2 miles, but this average was secured by several forced marches of 27 1/2 miles and the normal day's march was about 15 1/2 miles.

A striking accomplishment was that of Napoleon's guards, who covered 110 miles in six days on their march to take part in the battle of Jena, and that over bad roads through the Thuringian forest. The Ninth German army corps, with exhausting marches behind it, covered 46 miles from the vicinity of Biele to Orleans in 36 hours on December 16 and 17, 1870, over a muddy road, and was ready to fight the next day.

One East Prussian regiment marched 122 miles in five days to join Hindenburg's army, and took part in the battle of Ypres in the afternoon of the fifth day without stopping to rest.

## AVIATION PROVES AN ADMIRABLE REST CURE

(Associated Press Correspondence.) Boulogne, March 25.—The aeroplane as a rest cure is recommended by at least one British soldier as a result of his personal experience.

He joined a line regiment in the early days of the war, and being an excellent shot and a good mechanic, was put in charge of a machine gun. He and his gun were left by accident in an isolated trench position when his battalion was withdrawn, and he had a continuous spell of 12 days in the forward trenches, much of the time completely cut off from his army. Before he regained his regiment, by that time he was a physician and mental wreck, and was sent to a hospital to recuperate. When his leave was up he confided to the officer in charge that his nerve was so shattered that he simply could not bear to go back to the trenches. "I can't get the sound of bullets out of my head," he declared, "you must find something else for me to do for a time."

He himself suggested that he be transferred to the flying corps, and inasmuch as he had already had some experience in this line of work

# RENGO CORSETS

for FULL FIGURES

The full figure needs to give the choice of her corset particular attention.

It is not a question of heavy steels and extra strap—but the proper corset well fitted to mold the figure into fashionable lines.

We have given much thought to the selection of models for large figures and are pleased to recommend.

## Rengo Belt Corset

Come in and let our expert corsetiere show you the new models.

## YOUNG ARCHITECTS URGED TO LOCATE IN EAST PRUSSIAN AREA

(Associated Press Correspondence.) Berlin, March 29.—The Association of German Architectural and Engineering Societies is seeking to interest young architects, especially those who have not yet achieved a practice which ties them down to one locality, to go to East Prussia and aid in the rebuilding of the province.

The appointment of a number of "district architects" to supervise the technical and artistic rebuilding activities is contemplated.

## MRS. BEIDEL TELLS WOMEN

How Lydia E. Pinkham's Vegetable Compound Kept Her in Health for 14 Years.

Shippensburg, Pa.—"It was several years ago that I started taking Lydia E. Pinkham's Vegetable Compound. I then suffered terribly every month. My husband bought me a bottle of it and it helped me right away. Then after my second child was born I had a female trouble very badly and I used Lydia E. Pinkham's Vegetable Compound and in a short time was cured and have been in excellent health since. I always praise the Compound whenever I have an opportunity as I know it helped me and will help others. Lately I have given the Compound to my daughter and I wish all suffering women would take it and be convinced of its worth."—Mrs. JAMES A. BEIDEL, 113 N. Penn Street, Shippensburg, Pa.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and to-day holds the record of being the most successful remedy for female ills we know of, and thousands of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., seem to prove this fact.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

The American government has long regarded the mouth of the Chagres river as an important point in the coast defenses of the Panama canal, especially in view of the accessibility of the locks, dam and spillway at Gatun through the stream. The near set fortifications of any strength and importance are now at Fort Point near Colon, which is about eight miles east of San Lorenzo.

## ELEPHANT ENDS AN AFRICAN CONFLICT

(Associated Press Correspondence.) London, March 27.—An angry elephant put a stop to a sharp engagement between English and Germans in West Africa, according to a letter received from an English officer.

"This country is full of elephants," he writes. "Coming down to the railway terminus today we met a couple of them on the road, but they just lapped their ears and walked off. The other day we were having a hot fight with the Germans, when suddenly an angry elephant appeared between us and darted first one way and then another. Before you could catch both sides, had retreated. It was bad enough to face a Maxim, but nobody wants to take on an elephant that is annoyed."
